SOLICITATION REQUIREMENTS

Instructions for Submitting a Response

The Missouri Department of Transportation advertises all bid solicitation documents on the MissouriBUYS Bid Board (<https://www.missouribuy.com>). MissouriBUYS is the State of Missouri's web-based statewide eProcurement system. To respond electronically to a solicitation, the vendor must first register with MissouriBUYS by going to the MissouriBUYS Home Page (<https://missouribuy.com>), clicking the "Supplier Register" button at the top of the page, and completing the Vendor Registration.

IMPORTANT NOTICE TO ALL VENDORS:

The Missouri Department of Transportation prefers receipt of all bid responses as electronic submissions. Hard copy submissions may be permitted based on the circumstances and content of the relevant solicitation with the approval of the buyer five (5) business days prior to the solicitation close date.

The solicitation as it appears digitally on the MissouriBUYS website is the official document of record. It is incumbent on the Vendor to inspect and ensure any downloaded or printed version of the solicitation contains all information, terms and conditions contained in the solicitation as it appears digitally on the MissouriBUYS website. In the event of any dispute regarding the contents of the solicitation, the solicitation as it appears digitally on the MissouriBUYS website shall take precedence and priority over any other downloaded or printed version of the solicitation.

The vendor is solely responsible for ensuring timely submission of their solicitation response. Failure to allow adequate time prior to the solicitation end date to complete and submit a response to a solicitation, particularly in the event technical support assistance is required, places the vendor and their response at risk of not being accepted on time.

2.4. Applicable Laws and Regulations

2.5. Open Competition and IFB Document

It shall be the vendor's responsibility to ask questions, request changes or clarification, or otherwise advise MoDOT if any language, specifications or requirements of an IFB appear to be ambiguous, contradictory, and/or arbitrary, or appear to inadvertently restrict or limit the requirements stated in the IFB to a single source. Any and all communication from vendors regarding specifications, requirements, competitive bid process, etc., must be directed to the IFB Contact, unless the IFB specifically refers the vendor to another contact. Such e-mail, fax, or phone communication should be received at least ten calendar days prior to the official bid end date.

1. Every attempt shall be made to ensure that the vendor receives an adequate and prompt response. However, in order to maintain a fair and equitable bid process, all vendors will be advised, via the issuance of an addendum to the IFB, of any relevant or pertinent information related to the procurement. Therefore, vendors are advised that unless specified elsewhere in the IFB, any

- questions received less than ten calendar days prior to the IFB end date may not be answered.
2. Vendors are cautioned that the only official position of the MHTC is that which is issued in the IFB or an addendum thereto. No other means of communication, whether oral or written, shall be construed as a formal or official response or statement.
 3. The IFB is available for viewing and downloading on the MissouriBUYS Statewide eProcurement System. Registered vendors are electronically notified of those bid opportunities that match the commodity codes for which the vendor registered in MissouriBUYS. If a registered vendors e-mail address is incorrect, the vendor must update the e-mail address themselves on the state's MissouriBUYS Statewide eProcurement System at <https://missouribuys.mo.gov/>.

Registered vendors who received e-mail notification of the bid opportunity when the IFB was established and registered vendors who have responded to the bid on-line prior to a cancellation being issued, should receive e-mail notification of a cancellation issued prior to the exact end date and time specified in the IFB.

2.6. Preparation of Bids

Vendors must examine the entire IFB carefully. Failure to do so shall be at the vendor's risk.

1. Unless otherwise specifically stated in the IFB, all specifications and requirements constitute minimum requirements. All bids must meet or exceed the stated specifications and requirements.
2. Unless otherwise specifically stated in the IFB, any manufacturer names, trade names, brand names, information and/or catalog numbers listed in a specification and/or requirement are for informational purposes only and are not intended to limit competition. The vendor may offer any brand which meets or exceeds the specification for any item, but must state the manufacturer's name and model number for any such brands in the bid. In addition, the vendor shall explain, in detail, (1) the reasons why the proposed equivalent meets or exceeds the specifications and/or requirements and (2) why the proposed equivalent should not be considered an exception thereto. Bids which do not comply with the requirements and specifications are subject to rejection without clarification.
3. Bids lacking any indication of intent to bid an alternate brand or to take an exception shall be received and considered in complete compliance with the specifications and requirements as listed in the IFB.
4. In the event that the vendor is an agency of state government or other such political subdivision which is prohibited by law or court decision from complying with certain provisions of an IFB, such vendor may submit a bid which contains a list of statutory limitations and identification of those prohibitive clauses. The vendor should include a complete list of statutory references and citations for each provision of the IFB, which is affected by this paragraph. The statutory limitations and prohibitive clauses may (1) be requested to be clarified in writing or (2) be accepted without further clarification if the statutory limitations and prohibitive clauses are deemed acceptable. If MHTC determines clarification of the statutory limitations and prohibitive clauses is necessary, the clarification will be conducted in order to agree to language that reflects the intent and compliance of such law and/or court order and the IFB.
5. All equipment and supplies offered in a bid must be new, of current production, and available for marketing by the manufacturer unless the IFB clearly specifies that used, reconditioned, or remanufactured equipment and supplies may be offered.
6. Prices shall include all packing, handling and shipping charges FOB destination, freight prepaid and allowed unless otherwise specified in the IFB.

7. Bids, including all pricing therein, shall remain valid for 90 days from bid opening unless otherwise indicated. If the bid is accepted, the entire bid, including all prices, shall be firm for the specified contract period.
8. Any foreign vendor not having an Employer Identification Number assigned by the United States Internal Revenue Service (IRS) must submit a completed IRS Form W-8 prior to or with the submission of their bid in order to be considered for award.

2.7. Submission of Bids

Registered suppliers may submit bids electronically through the MissouriBUYS Statewide eProcurement System at <https://missouribuys.mo.gov/> or by delivery of a hard copy to the Contact address shown on the Solicitation General Header Information. Suppliers that have not registered on the MissouriBUYS Statewide eProcurement System may submit bids hard copy to the Contact address shown on the Solicitation General Header Information. Delivered bids must be sealed in an envelope or container, and received in the required location no later than the exact end date and time specified in the IFB. All bids must (1) be submitted by a duly authorized representative of the suppliers organization, (2) contain all information required by the IFB, and (3) be priced as required. It shall be the responsibility of the vendor to ensure their bid is in the required location no later than the exact end date and time specified in the IFB.

1. The sealed envelope or container containing a bid should be clearly marked on the outside with (1) the official IFB number and (2) the official end date and time. Different bids should not be placed in the same envelope, although copies of the same bid may be placed in the same envelope.
2. A bid submitted electronically by a registered supplier may be modified on-line prior to the official end date and time. A bid which has been delivered to the MHTC office may be modified by signed, written notice which has been received in the required location prior to the official end date and time specified. A bid may also be modified in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to modify a bid shall not be honored.
3. A bid submitted electronically by a registered supplier may be retracted on-line prior to the official end date and time. A bid which has been delivered to the required location may only be withdrawn by a signed, written document on company letterhead transmitted via mail, e-mail, or facsimile which has been received at the required location prior to the official end date and time specified. A bid may also be withdrawn in person by the vendor or its authorized representative, provided proper identification is presented before the official end date and time. Telephone or telegraphic requests to withdraw a bid shall not be honored.
4. A bid may also be withdrawn after the bid opening through submission of a written request by an authorized representative of the vendor. Justification of withdrawal decision may include a significant error or exposure of bid information that may cause irreparable harm to the vendor.
5. When submitting a bid electronically, the registered vendor indicates acceptance of all IFB requirements, terms and conditions by clicking on the Review and Submit button on the Response Review tab.

Faxed bids shall not be accepted. However, faxed and e-mail no-bid notifications shall be accepted.

2.8. Bid Opening

Bid openings are public on the end date and at the opening time specified on the IFB document. All vendors may view the same bid response information on the MissouriBUYS Statewide eProcurement System. MHTC will not provide prices or other bid information via the telephone.

1. Bids which are not received in the MHTC office prior to the official end date and time shall be considered late, regardless of the degree of lateness, and normally will not be opened.

2.9. Evaluation and Award

Any clerical error, apparent on its face, may be corrected by the buyer before contract award. Upon discovering an apparent clerical error, the buyer shall contact the vendor and request clarification of the intended bid. The correction shall be incorporated in the notice of award. Examples of apparent clerical errors are: 1) misplacement of a decimal point; and 2) obvious mistake in designation of unit.

1. Any pricing information submitted shall be subject to evaluation if deemed to be in the best interest of the MHTC.
2. The vendor is encouraged to propose price discounts for prompt payment or propose other price discounts that would benefit the MHTC. However, unless otherwise specified in the IFB, pricing shall be evaluated at the maximum potential financial liability to the MHTC.
3. Awards shall be made to the vendor whose bid (1) complies with all mandatory specifications and requirements of the IFB and (2) is the lowest and best bid, considering price, responsibility of the vendor, and all other evaluation criteria specified in the IFB and (3) complies with all applicable Missouri statutes and Executive Orders.
4. In the event all vendors fail to meet the same mandatory requirement in an IFB, MHTC reserves the right, at its sole discretion, to waive that requirement for all vendors and to proceed with the evaluation. In addition, MHTC reserves the right to waive any minor irregularity or technicality found in any individual bid.
5. MHTC reserves the right to reject any and all bids. When all bids are non-responsive or otherwise unacceptable and circumstances do not permit a rebid, MHTC may negotiate for the required supplies.
6. When evaluating a bid, the MHTC reserves the right to consider relevant information and fact, whether gained from a bid, from a vendor, from vendor references, or from any other source.
7. Any information submitted with the bid, regardless of the format or placement of such information, may be considered in making decisions related to the responsiveness and merit of a bid and the award of a contract.
8. Any award of a contract shall be made by notification to the successful vendor. MHTC reserves the right to make awards by item, group of items, or an all or none basis unless otherwise identified in the solicitation. The grouping of items awarded shall be determined based upon factors such as item similarity, location, administrative efficiency, or other considerations in the best interest of the MHTC.
9. All bids and associated documentation which were submitted on or before the official end date and time will be considered open records pursuant to section 610.021, RSMo, following the official opening of bids.
10. The MHTC posts all bid results on the MissouriBUYS Statewide eProcurement System website for all vendors to view for a reasonable period of time after bid award.
11. The MHTC reserves the right to request clarification of any portion of the vendor response in order to verify the intent of the vendor. The vendor is cautioned, however, that its response may be subject to acceptance or rejection without further clarification.
12. Any bid award protest must be received within ten (10) business days after the date of award in accordance with the requirements of 7 CSR 10-11.020 (10).
13. The final determination of contract award(s) shall be made by the MHTC.

2.10. Executive Order

The Contractor shall comply with all the provisions of Executive Order 07-13, issued by the Honorable Matt Blunt, Governor of Missouri, on the sixth (6th) day of March, 2007. This Executive Order, which promulgates the State of Missouri's position to not tolerate persons who contract with the state engaging in or supporting illegal activities of employing individuals who are not eligible to work in the United States, shall be incorporated herein by reference and made a part of the Contract.

1. The Contractor hereby certifies that any employee of the Contractor assigned to perform services under the Contract is eligible and authorized to work in the United States in compliance with federal law.
2. In the event the Contractor fails to comply with the provisions of the Executive Order 07-13, or in the event the Commission has reasonable cause to believe that the Contractor has knowingly employed individuals who are not eligible to work in the United States in violation of federal law, the Commission reserves the right to impose such contract sanctions as it may determine to be appropriate, including but not limited to cancellation, termination or suspension in whole or in part or both.
3. The Contractor shall include the provisions of this paragraph in every subcontract. The Contractor shall take such action with respect to any subcontract as the Commission may direct as a means of enforcing such provisions, including sanctions for noncompliance.

2.11. Preferences

In the evaluation of bids/quotes, preferences shall be applied in accordance with 7 CSR 10- 11.020(9). Contractors should apply the same preferences in selecting subcontractors.

1. Bidders are encouraged to obtain minority business enterprise (MBE) and women business enterprise (WBE) participation in this work through the use of subcontractors, suppliers, joint ventures, or other arrangements that afford meaningful participation for M/WBEs. Bidders are encouraged to obtain 10% MBE and 5% WBE participation.

2.12. Cancellation of Contract

The MHTC may cancel the Contract at any time for a material breach of contractual obligations or for convenience by providing the Contractor with written notice of cancellation.
